Celebrate **EARTH DAY**

with your local land trusts & friends!

Join the interactive climate policy workshop using MIT's EN-ROADS Climate Policy Simulator. No prior knowledge needed for this engaging hands-on experience!

Learn more about how local youth inspired a national movement with The Climate Initiative and are finding hope through intergenerational conversations.

Get to know the people behind your local land trusts who are conserving, stewarding and protecting our special places for generations to come!

April 16
5:30 - 8pm
