RE: 53 Old Post Road  
Amendment to existing Approval

To whom it may concern,

In connection with the Town's request, and per our telephone conference and email communications, we are submitting the attached application to amend our existing approval, to include the use of an outdoor stage on the property, in connection with planning outdoor concerts and drive-in movies.

As previously discussed, during the COVID-19 pandemic, as we planned for the 2021 season with the moving target of guidelines and restrictions, we had received an informal approval to utilize an outdoor stage to accommodate some of the indoor event restrictions regarding health concerns. We purchased the stage, and those performances/showings were done in accordance with decibel and curfew rules and regulations; and did not impact our parking or utility systems capacities.

It has been accurately noted by the Town's offices and acknowledged that to continue this use of the outdoor area would require a formal amendment to the existing Approval, which is the purpose of the application.

We are completing the additional applications for Food Truck vendors, and should have those submitted in the coming days (once we have finalized proposed vendors/schedules).

Thank you.

Sincerely,

Peter Haranas, Manager
