Budget 11-04 Professional Services @ 81,121. *MOTION Dubois second Bell “tentative approval as presented” passed 10-0*

Budget 12-03 Town Hall Operations Lots of discussion on the Old Town Hall and the need to keep any funding for the building in this budget item. BUSINESS MEETING 2-17-21 Budget & Selectmen

EXECUTIVE SUMMARY

EXPLANATIONS

-Fire Service 13-01, 13-03, 13-04 & Capital Request: Chief Beaulieu will be present to review portions of the requests. I have taken the liberty to insert a 3% adjustment in compensation projected in all three budgets. In addition the Chief would like to have a conversation on Fire Station improvements that should be considered. These are new garage doors, entrance doors and putting funds aside for new roof shingles.

-Public Works 15-01, Equipment & Road list: Roger will be present to review with you all the aspects of this budget request. Again generally a 3% adjustment in compensation and as was requested last year and removed was another position for the department, which totals \$62,258.00. We still have some full-time position opened but with the increase in road approvals, serious discussion needs to take place as to when this position is actually warranted. Roger will go over his Road Construction list for 21/22 and provide comment on the Capital Budget moving forward.

-I will propose at your next meeting to be held in two weeks we take care of **Transfer Station, General Assistance and Recreation.**

NOTE* Dan Dubois will be meeting with Access AV on Wednesday morning. If we can either Live stream or Zoom the meeting because of their efforts I will let you know ASAP.
