**RE: Site Location of Development Act (SLODA) & Natural Resources
Protection Act (NRPA) Tier 1 Application, Arundel, L-29727-L3-A-N/L-
29727-TC-B-N**

Dear Stephen,

Your application for a SLODA and NRPA Tier 1 permit, submitted on behalf of Porter Land Preservation LLC, was received by the Department of Environmental Protection on February 7, 2022, and found to be acceptable for processing on March 1, 2022. Acceptance of the application does not preclude the Department from requesting additional information during processing. Your applications have been given the above reference numbers. The statutory deadline for these applications is September 12, 2022.

The project will now be examined to determine whether a license can be issued. The Department will do its best to process the application and issue a final decision as soon as possible. No construction related to the proposed activities currently under review may be started prior to receiving a final decision from the Department.

Please contact me at (207) 592-6473 or by email at hannah.brazier@maine.gov if you have any questions regarding this project.

Sincerely,

Hannah Brazier, Project Manager
Bureau of Land Resources
