

Proposed Amendment to the Subdivision Regulations

Current Wording

12.8 Utilities. Utilities serving lots with a street frontage of 125 feet or less shall be installed underground. The Board may approve overhead utilities when the applicant proposes reserved affordable housing and provides evidence that the increased costs of underground utilities will raise the costs of the housing beyond the targets for affordable housing in the comprehensive plan. (Amended September 27, 1998; June 14, 2001) -

Proposed Wording

12.8 Utilities. Utilities serving lots with in a proposed subdivision street frontage of 125 feet or less shall be installed underground. ~~The Board may approve overhead utilities when the applicant proposes reserved affordable housing and provides evidence that the increased costs of underground utilities will raise the costs of the housing beyond the targets for affordable housing in the comprehensive plan.~~ (Amended September 27, 1998; June 14, 2001) -
